

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

Read more about Early Journal Content at <http://about.jstor.org/participate-jstor/individuals/early-journal-content>.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

Imparts Energy

HORSFORD'S ACID PHOSPHATE

The most agreeable and effective remedy for relieving Languor and Exhaustion, so common in the spring and summer months. Its nutritive and tonic effects give tone and vigor to the entire system.

Taken before retiring it quiets the nerves and induces refreshing sleep.

For sale by Druggists.

25 CENTS. (Sample free.)

Gerhard Mennen Co., Newark, N. J.

A NEW RHEUMATIC REMEDY.

A prominent physician writes:

SPRINGSWOOD, N. J.
DEAR SIR:—Please send me, by mail, four
more bottles of TARTARLITHINE.

I will also here state, in justice, that this is the
most welcome remedy that has come into my
hands since my beginning of the practice of
medicine. It has given me, in every case of
rheumatism in which I have used it, the happiest
kind of results. I have used discretion, perhaps,
even more than necessary, in its employment;
that it be given to patients whose cases do not
yield to ordinary treatment, old chronic cases of
gouty diathesis, where there is a tendency to cal-
careous deposits, etc. These are undoubtedly
the most troublesome patients to give what might
fairly be termed good results. Now these have
been the very kind in which I have been using
Tartarlithine with the very happiest results to
patients and myself. Many valuable remedies
come daily to our aid, but this has been the most
welcome one to me thus far.

Yours very truly,
J. G. D—, M. D.
